

## **Example mapping for collective bargaining**

*During the workshop participants are invited to explore collective bargaining in labour union tradition through “word&image example mapping” and its possible hybridisation with **DECODE** project concepts.*

*The goal of the workshop is to further develop the project **Data Union Fork** in co-creation with the public and identify imaginative scenarios under which citizens can mobilise and organise for collective action..*

### **Indicative timetable of activities:**

#### **Intro** 15 minutes

*Decode project very short introduction*

*Data Union Fork introduction and work in progress presentation*

#### **Activity** 90 minutes
